

Final results for the 5th annual Gosport regatta
9/20/14

The courses:

All 38 boats basically had the same course but with different lengths. We started at 2KR with an upwind leg to the red and white IS buoy in Gosport Harbor. Then we took a right and tacked through the islands to the next set of upwind marks just outside Star and White islands. Then back to the IS buoy and, for 3 of the 4 fleets, then back out between the islands, back to IS and the finish.

The apparent wind was 20-25 knots and a few bursts to 30 or so. We saw fairly lumpy seas with 4-6 waves. Lots of surfing going on coming back downwind between Star and White. We had 8 boats withdraw, some due to the conditions, some for other reasons.

We had two boats show up in costume after the race, Phat Tail and Valkryie, that helped liven up the awards and banquet.
